Rikudos

Difficulty

Place all the numbers from 1 to 36 in the grid so they form a continuous path of consecutive numbers. Each number must be directly adjacent to the one before and after it (horizontally, vertically, or diagonally).
The entire grid must be filled.

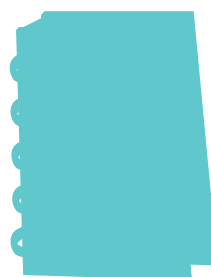

Difficulty

Find the Shadow

- Back-to-School Special -

For each object, circle the shadow that matches it.

Quiz

- History Special -

Find the shadow

Quiz

Solution

1. On which day in September is Mexico's Independence Day celebrated?

- B** On 16th September, Mexico celebrates its independence. This day commemorates the 'Grito de Dolores' of 1810, when Miguel Hidalgo called on the people to rise up against Spanish rule. It is a symbolic date marked by parades and celebrations throughout the country.

2. Who was elected the first president of the United States in 1789, following the adoption of the Constitution in September 1787?

- B** George Washington became the first president of the United States in 1789, two years after the U.S. Constitution was signed in 1787.

3. What was inaugurated in England on 15th September 1830?

- C** The first railway line, opened in 1830, connected Liverpool and Manchester. It was the first in the world designed to transport passengers on a regular route with the help of a steam locomotive.

4. Which Soviet probe landed on the Moon on 13th September, 1959?

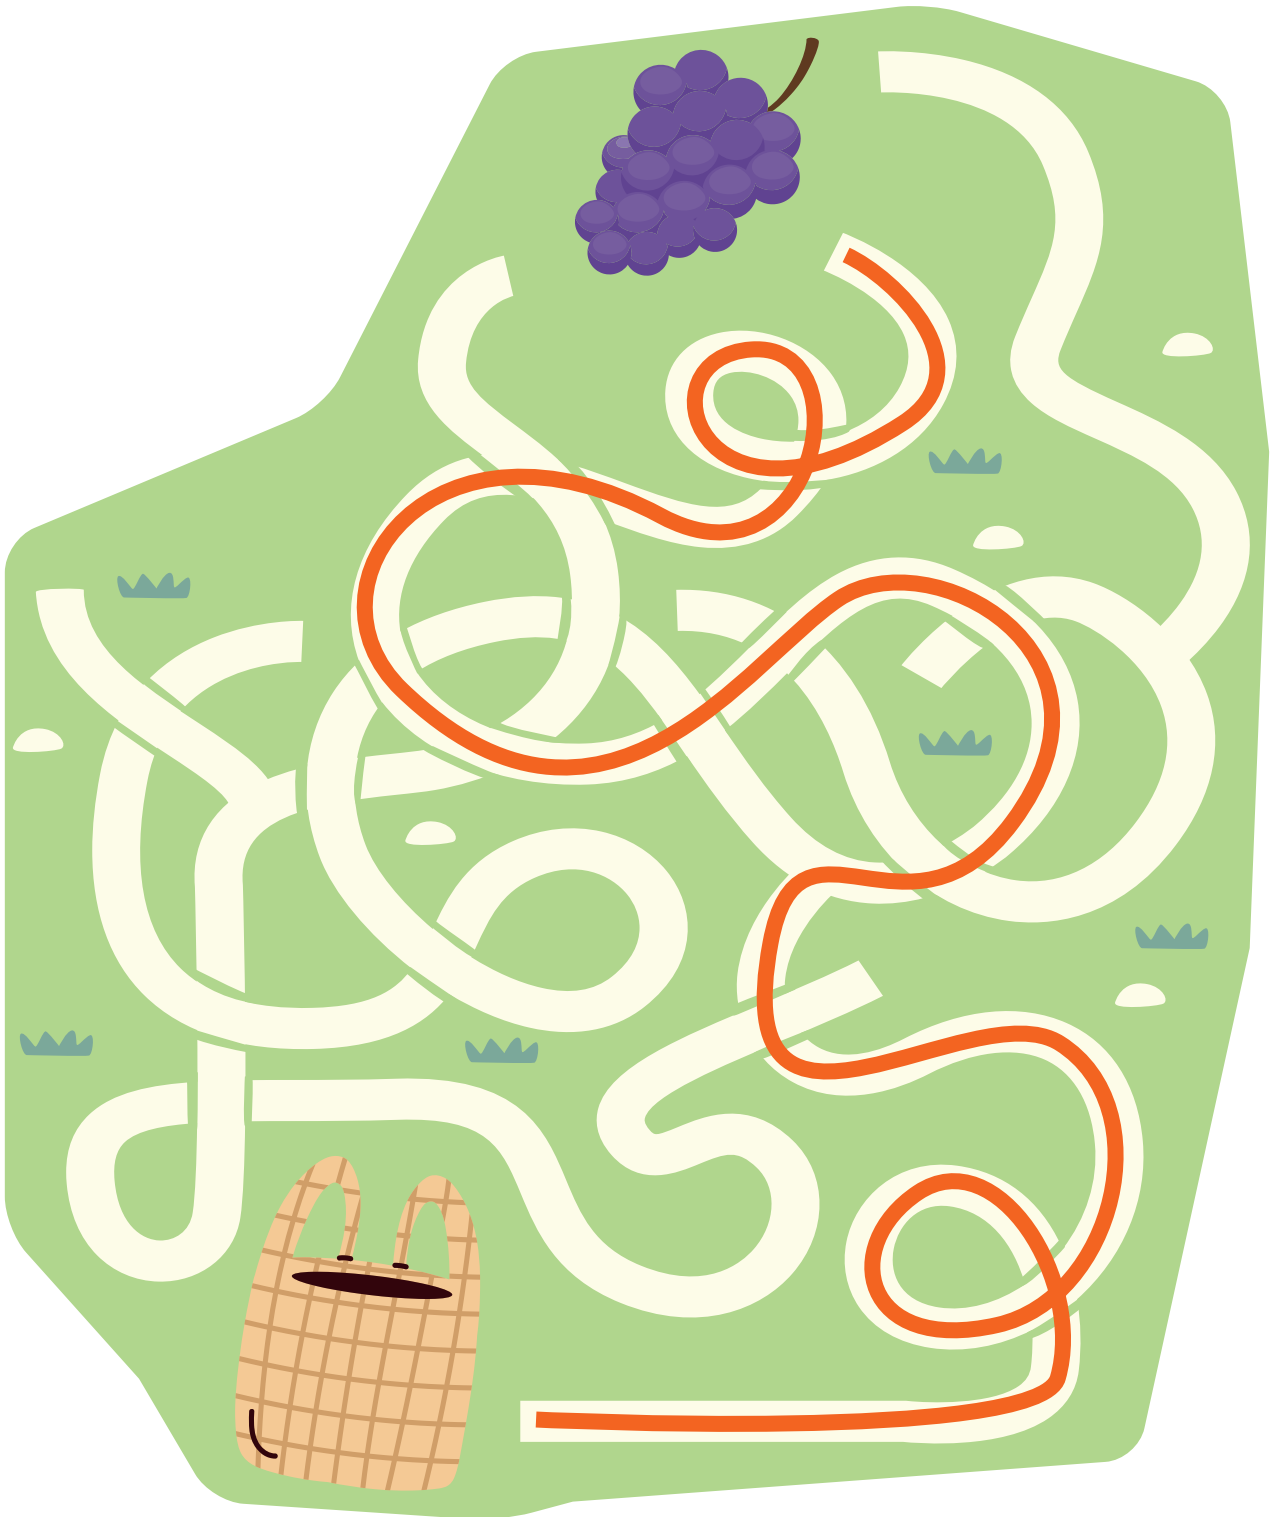

- C** On 13th September 1959, the Soviet probe Luna 2 became the first human-made object to land on the Moon. It crashed near the Sea of Serenity, marking a historic milestone in space exploration.

5. Which city hosted the Summer Olympic Games in September 1972?

- C** The 1972 Summer Olympics were held in Munich, in West Germany.
