"Rocket Man"

She packed my bags last night pre-flight

Zero hour 9:00 a.m.

And I'm gonna be high

As a kite by then

I miss the Earth so much I miss my wife

It's lonely out in space

On such a timeless flight

And I think it's gonna be a long, long time

'Til touchdown brings me 'round again to find

I'm not the man they think I am at home

Oh, no, no, no

I'm a rocket man

Rocket man, burning out his fuse up here alone

Mars ain't the kind of place to raise your kids

In fact it's cold as hell

And there's no one there to raise them

If you did

And all this science

I don't understand

It's just my job five days a week

A rocket man

A rocket man

Monthly News

Independence Day – What really happened on July 4th, 1776?

On July 4, 1776, the Second Continental Congress unanimously adopted the Declaration of Independence, announcing the colonies' separation from Great Britain. The Constitution provides the legal and governmental framework for the United States, however, the Declaration, with its eloquent assertion "all Men are created equal," is equally beloved by the American people.

Philadelphians marked the first anniversary of American independence with a spontaneous celebration, which is described in a letter by John Adams to his daughter, Abigail. However, observing Independence Day only became commonplace after the War of 1812. Soon, events such as groundbreaking ceremonies for the Erie Canal and the Baltimore and Ohio Railroad were scheduled to coincide with July 4th festivities. By the 1870s, the Fourth of July was the most important secular holiday on the calendar. Congress passed a law making Independence Day a federal holiday on June 28, 1870.

Monthly News

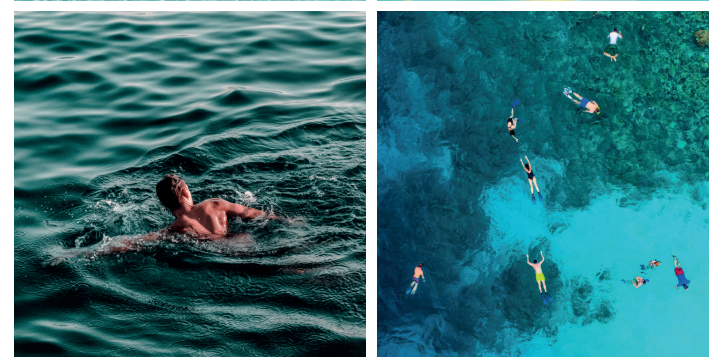

14th of July in France

Paris was in a state of high agitation in the early months of the French revolution. In Spring 1789, the Estates-General refused to dissolve, transforming itself instead into a constituent National Assembly. In July, King Louis XVI called in fresh troops and dismissed his popular Minister, Jacques Necker. On the morning of July 14, the people of Paris seized weapons from the armoury at the Invalides and marched in the direction of an ancient Royal fortress, the Bastille. After a bloody round of firing, the crowd broke into the Bastille and released the handful of prisoners held there.

The storming of the Bastille signalled the first victory of the people of Paris against a symbol of the “Ancien Régime” (Old Regime). Indeed, the edifice was razed to the ground in the months that followed.

One of the revolutionary days in Paris and now a national holiday, the 14th of July (“Bastille Day”) is celebrated with a mixture of solemn military parades and easygoing dancing and fireworks. The storming of the Bastille on July 14, 1789 has been commemorated in France for more than a century.

"Here Comes the Sun"

Remember the lyrics. Find the missing lyrics and sing the song!

Answers page 30

Here comes _____, doo-doo-doo-doo _____ the sun

Little darling, it's been a long _____
_____ since it's been here

And I say it's all right
Little darling, _____
_____ since it's been here

And I say it's all right

Sun, sun, sun, here it comes

Sun, sun, sun, here it comes

Little darling, _____
_____ since it's been clear

Here comes the sun, doo-doo-doo-doo, here comes the sun

It's all right

@The Beatles – Here Comes the Sun
(Don't hesitate to put the music on!)

Sensory Exercise

Respiratory capacity

- 1 Imagine picking a flower and holding it up to your nose
 - 2 Breathe in its scent slowly and deeply
 - 3 Breathe out deeply through your mouth.
- Repeat 5 times.

Tips:

- Your residents can close their eyes
- You can choose spices or a favorite meal instead of a flower

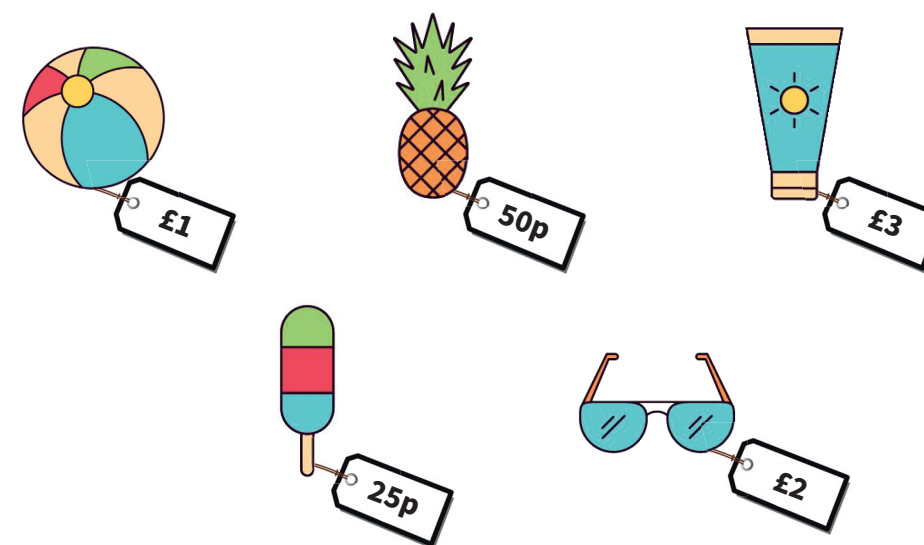

Finish the Famous Friend Duo

Complete these famous real or fictional friend duos

Answers page 32

1. Bert and _____

Holiday shopping problems

- 1 You have £5. You buy sunglasses and an ice cream.
How much change do you get?
 $5 - (0,25 + 2) = £2,75$
- 2 You have £5. You buy sun cream and 2 pineapples.
How much change do you get back?
 $5 - (3 + (2 \times 0,50)) = £1$
- 3 You want to buy an ice cream, a pair of sunglasses, and a beach ball.
How much money do you need?
 $0,25 + 1 + 2 = £3,25$

Arithmetic Exercise

5 6 7 8 9

14 - 6 = 8

2 + 5 = 7

7 + 2 = 9

2 3 4 5 6 7

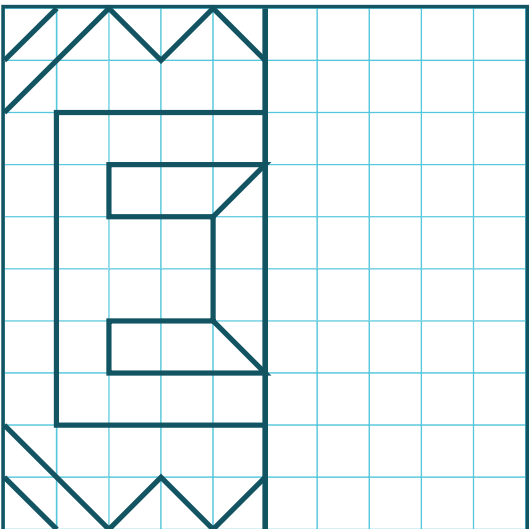

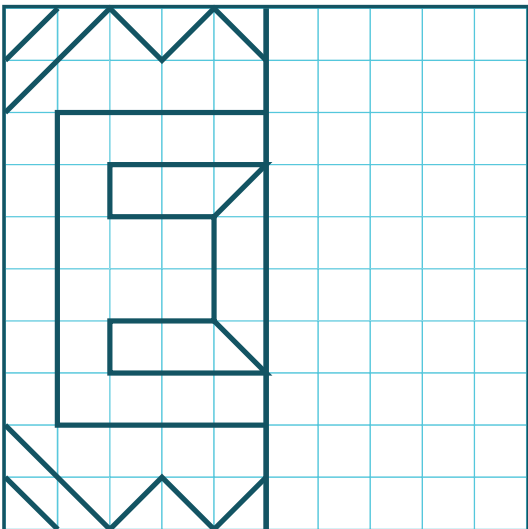

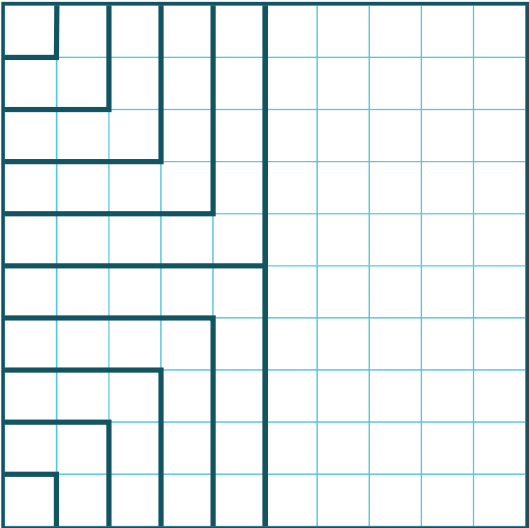

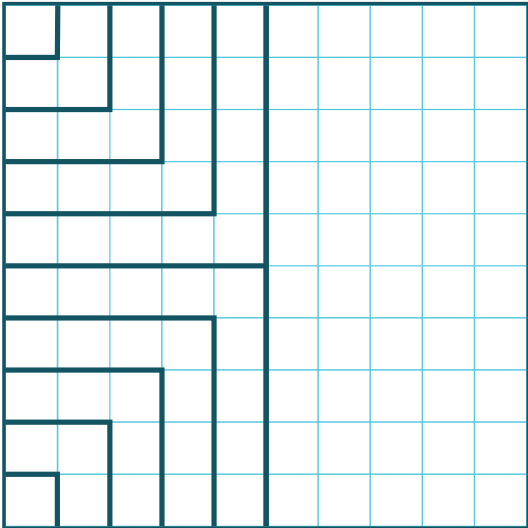

20 / 4 = 5

6 x 2 = 12

10 - 7 = 3

Short Story Jokes

The Help Line

I telephoned your Office
And joined your waiting queue,
But sad to say, I never did
Get through to speak to you

And while I waited patiently,
Your music filled the air
And I began to have my doubts
That anyone was there

Press 1 to get a statement,
For bills press number 2
For mortgages and overdrafts
3's the one for you

Press 4 or other business
And then if we agree,
A person will attend to you
As soon as someone's free.

I've wasted many minutes
And I haven't heard a word,
So I am writing this to say
Your Help Line is ABSURD!
