Quiz

Solution

1. Which Indian monument, a white marble mausoleum, was built by a Mughal emperor for his wife?

A
The Taj Mahal

Built in the 17th century by Emperor Shah Jahan in memory of his wife Mumtaz Mahal, it is considered a masterpiece of Mughal architecture and a symbol of eternal love.

2. Which architectural style is characterised by round arches, barrel vaults, and thick walls (common from the 11th to 12th century)?

B
Romanesque style

Dominant in Europe from the 11th to the 12th century, this style preceded the Gothic period and is recognisable by its massive forms and narrow openings, as seen in many abbeys and rural churches.

3. Which prehistoric megalithic monument, made up of large stones arranged in a circle, is located in England?

A
Stonehenge

This site, dating back to around 3000 BC, is made up of massive stones arranged in a circle. Its exact purpose remains a mystery: a place of worship, an astronomical calendar, or a burial site.

4. Which New York Art Deco skyscraper, completed in 1931, was for a long time the tallest building in the world?

B
The Empire State Building

Built in a record time of 13 months, it held the title of the tallest tower in the world until 1970. It remains an iconic symbol of New York.

5. In which country is Machu Picchu located, the Inca city perched high in the mountains?

B
Peru

Built in the 15th century in the Andes, this city was abandoned and then forgotten before being rediscovered in 1911. Today, it is one of the most visited archaeological sites in the world.
